ANDRII TORIANYK

4th-year Computer Science student at
Akademia Tarnowska

33-100 Tarnów
Phone: +48 725313336
E-mail: andrewtorianyk@gmail.com
Date of birth: 3 September 2006
Portfolio: https://andrii418.github.io/Portfolio/

EDUCATION

Bachelor of Engineering — Computer Science, Software Engineering October 2023 – present
Akademia Tarnowska, 33-100 Tarnów

PROFESSIONAL EXPERIENCE

IT Specialist | Roeslein & Associates Poland Sp. z o.o. September 2024 – August 2026

- Installing, configuring and deploying software on workstations
- Administering and configuring computer networks
- Diagnosing and troubleshooting computer hardware issues
- Deploying and configuring operating systems
- Technical support for users (hardware and software)

PROJECTS AND PORTFOLIO

OSK Expert – website for a driving school client project

- Designed and built the entire website: UI, frontend, backend and deployment (PHP, MySQL, HTML/CSS/JS), osk-expert.com.pl
- Admin panel for the owner: news, course dates, daily visit statistics

Facial emotion recognition (Python, TensorFlow/Keras, Gradio)

- CNN trained on FER-2013 (35,887 images, 7 classes), Hyperband hyperparameter tuning, Grad-CAM visualization
- Web app built with Gradio; validation accuracy of approx. 63–68%

Racing 3D – racing game (C++17, OpenGL 3.3, Bullet Physics)

- Custom engine without Unity/Unreal: GLSL shaders (Phong model), OBJ file parser, vehicle physics, AI opponent

Mystery Island – FPS game (Unity 3D, C#)

- Survival FPS game with puzzles: island exploration, collecting artifacts, escaping a wolf
- Wolf AI (NavMesh, Patrol/Chase/Attack states), object interaction via raycasting, arcade mini-game

Freelance – client projects

- Landing pages and company websites
